NO EXCUSES — GOODYEAR FARM TIRES AND TITAN TIRES HAS YOUR BACK

At Titan, the quality of our tires and satisfaction of our customers are the top priorities. That's why we've introduced our No Excuses 90-day Customer Satisfaction Program. If you're not happy in the first 90 days, we'll make it right.

AMERICAN-PRODUCED FOR THE AMERICAN WORKER

The tire industry is flooded with foreign companies selling product into the U.S. market, but you don't have to go overseas to get a fair-priced, high-quality tire. Titan is American-owned, and our tires are American-made by our 3,200 employees in five plants throughout the United States. By purchasing a Titan or Goodyear Farm Tire, your money stays in America, and you get the support of more than 2,000 Titan and Goodyear Farm Tire dealers throughout the United States.

NO EXCUSES 90-DAY CUSTOMER SATISFACTION PROGRAM

As the original owner of a new Titan Tire or Goodyear Farm Tire*, if not completely satisfied within the first 90 days of purchase, you may return your tire to an authorized dealer for a complete refund of the purchase price, or tires purchased on new OEM equipment may be returned to an authorized dealer for replacement with a comparable Titan or Goodyear Farm Tire. Associated labor for the tire change-out is also covered. New tires that become unserviceable during the 90-day period are covered by the Titan Tire Workmanship & Material Adjustment policy and therefore are not covered under this 90-day satisfaction program. For claim consideration, the original purchase invoice must be submitted.

***Covered tires include Titan and Goodyear Farm Tire brand bias & radial R-1, R-1W, R-2, R-3, R-4, I-3, HF -1, HF-2, HF-3 and skid steer tires.**

▶ **For more information on our 90-Day Customer Satisfaction Program, speak with your local Titan or Goodyear Farm Tire dealer.**
